**Proofreader Editor:** *Batanova T.V.*

The collection deals with current issues of transnational corporations, including the challenges and targets of taxation of their activities, analysis of methods identifying strategic factors of their reputation.

The features of state regulation of social sphere, strategic issues of national economic security and the problems of development and reforms in electricity market in Ukraine are considered.

Actual issues of enterprise economics are presented, including crisis management, organization of «risk-management», management of economic security, information and communication technologies, and also intellectual property management.

The analysis of the causes and effects of the currency crisis in Ukraine is made; topical issues of the banking sector are highlighted.

The collection contains the articles of our colleagues-economists from various scientific and educational institutions of Ukraine.

The author's views concerning certain positions do not necessarily agree with the views of the editorial board.
